Quality Policy: Immigration Services

“We understand that the immigration service requests that QFC provides are critical to our client operations. We maintain a rigorous and comprehensive quality program, which enables us to deliver great value to our clients by ensuring we consistently meet client and applicable regulatory requirements. QFC leadership adopted a client-first approach and committed to continual improvement of the quality management system.”

QFC established the following objectives to meet client and applicable regulatory requirements for processing immigration service requests.

- Ensure the immigration service requests are processed within the agreed timeline.
- Implement the processes to meet the regulatory requirements.
- Provide necessary resources for smooth operations.
- Innovate and continuously improve the processes by listening to our client's expectations.

Jahongirbek Burhonov

Director – Client Affairs

Guruprasad Srinivasan

Head – Quality Assurance

1. Computer Card (New, Renewal & Add/Remove Signatory)

1.1. New Computer Card

Eligibility and Notes

- The authorised signatory must be in Qatar on any visa (visa on arrival, family, or business visa). A copy of visa for a non-Qatari authorised signatory or a copy of QID for a Qatari citizen/Qatari residence authorised signatory must be provided.
- Company stamp and letterhead must be ready. (It is also recommended to include your firm's QFC registered Arabic name).
- If the authorised signatory is a resident, Temporary work permit must be submitted on QFC Client Portal which can be obtained from their current sponsor's Metrash2.
- Once the resident permit is issued, the authorised signatory must update his/her national address through Metrash2.
- A blank company letterhead may be provided to QFC if the company does not have a staff who can prepare a letter in Arabic.
- For Authorised Signatory under different sponsorship, kindly raise a separate request as IS-123 (Authorisation for Authorised Signatory).

Required Documents

Original

- [National address form.](#)
- [Ministry of Interior \(Mol\) Form](#) signed and stamped by the authorised signatory.
- [Company letter.](#)

Copy

- A copy of QFC Companies Registration Office (CRO) Certificate and License.
- A copy of the applicant's passport.
- A copy of the applicant's visa.
- A copy of the authorised signatory's residence permit (QID).

15. Policies and Procedures

15.1. Company Letterhead and Stamp (LLC)

Disclosure Provisions:

Please note that we do not advise or issue confirmations to QFC firms on their obligations as set out in the relevant QFC legislation (as this is a matter purely for the QFC firms to interpret and satisfy themselves); this notwithstanding, in relation to your request for the disclosure provisions.

For a limited liability company, the disclosure requirements are stated under Articles 45 and 46 of the QFC's Companies Regulations as well as the QFCA Rules - General Rule 3.2.2.

16. Portal Access

16.1. FAQ General

Q. To add a User/ SPOC

To get access to the portal or any module, you need to contact the SEF (Senior Executive Function) of the firm. The SEF has access to the admin portal and can add/delete or modify users. The SEF has to login to the portal, click on E Services - User management - Select the user or create a new user and grant access. The user will get an email with the username and password.

Q. I'm not getting my PIN on my mobile or I want to change my mobile number?

(Make sure that the email is coming from the User and not someone else)

Your request to reset the mobile number is sent to our IT team. Note that after our team will reset your account, while logging in, the portal will prompt you to enter your mobile number. Please select the country and then enter the city code and the number.

Q. I forgot my password. Can you please reset it?

To reset your password, kindly click on forgot password, enter your username and reset password. If you can't remember your username then you can inform the SEF (Senior Executive Function) to login to the portal, click on E services - User management - Select the user and reset the password.

Q. My SEF is never available, or can we give the user management/ admin access to someone else?

Kindly ask the SEF (Senior Executive Function) to email us requesting to delegate admin access to someone else. The email should come from the SEF email ID.

Q. My SEF doesn't have portal access. We don't know if the SEF has portal access?

Our IT team can create a username or reset the profile for the SEF. Once this is done, the SEF will get the username and password via email. Kindly ask the SEF to check their inbox or junk or spam mailbox.

17. Multiple Portal Access

17.1. FAQ General

Q. I already have access to the portal with one firm and want access it with another firm. How can I do that?

Kindly mark a mail to the QFC on clientaffairs@qfc.qa.

Q. I have multiple access but can see another company or can't see the company I'm looking for?

Kindly login to the portal, click on E services, click on the Username and then click on switch firms. It will show you all the firms names that you have access to. Kindly select the firm you want and click switch.

18. Immigration Terms and Conditions

18.1. Immigration Services

- The QFC provides immigration services to clients which consist of QFC Group entities and QFC firms, including their employees, family members, and business visitors. All immigration applications and queries should only be submitted to the QFC, unless otherwise directed.
- The QFC provides access to a one-stop shop immigration service that includes:
 - (1) a fully dedicated QFC team that is available to process and assist in immigration applications,
 - (2) privileges and exemptions that are only available to QFC entities (which result in lower documentation requirements), and
 - (3) a dedicated Ministry of Interior specialised office at the QFC which handles only QFC entities applications and provides onsite eye scan / fingerprint / ID printing services.
- The QFC levies service charges for immigration services and administrative processing. The amount of the charges will vary subject to the QFC's discretion. Service charges and fees are published in this Immigration Service Guide. The latest version of which is published in the Immigration module of the QFC Client Portal.
- All immigration service requests will incur service charges that are non-refundable, regardless of whether the immigration benefit is granted. Service requests that are cancelled by the applicant or rejected by the QFC, prior to receiving the immigration benefit may be eligible for a partial refund at the QFC's discretion, minus a non-refundable administrative fee of 100 QAR and any other costs. Refunds will generally be issued within 20 business days of submitting all required information.

18.2. Single Point of Contact (SPOC)

- Clients must appoint an immigration Single Point of Contact (SPOC) who is responsible for ensuring that all immigration-related applications to the QFC are in compliance with QFC Immigration Regulations, department procedures, and Immigration Terms & Conditions which are detailed in this Immigration Service Guide.
- The SPOC is primarily responsible for:
 - (1) submitting accurate and compliant immigration service requests;
 - (2) completing all required prerequisites and processing actions in an accurate and timely manner;
 - (3) responding in an accurate and timely manner to any requests from the QFC, and;
 - (4) creating and updating contacts and their details in the immigration contact database to ensure the system contains accurate data at all times. Inaccuracies in service requests and/or the contact database will directly cause issues with application processing and system notifications. Clients should ideally appoint Immigration SPOCs who are experienced with immigration matters. SPOCs should obtain further training on the Immigration module of the QFC Client Portal by attending orientation sessions and request training by contacting clientaffairs@qfc.qa on immigration matters to keep up to date with current regulations and procedures.

18.3. QFC Portal & Estimated Processing Timelines

- The QFC processes immigration service requests through the immigration module of the QFC Client Portal. Automated portal system notifications will keep SPOCs apprised of developments to the application and if there are any required additional documentation. The current status of an application can be viewed on the QFC Client Portal under the “Status” field.
- For ease of reference, the QFC provides estimated processing timelines for each service request however the timelines are only estimates and variances may occur which are outside of QFC control. The process may take shorter or longer than the estimated timeline and is dependent on the individual circumstances of each case. As such, please do not make any travel arrangements or plans until the applicant actually receives the visa and/or official document.
- The processing timelines will only start once the SPOC has completed all six (6) required prerequisites which consist of:

- (1) Submission of a complete and accurate service request,
- (2) Received preliminary approval of service request,
- (3) Paid service charges,
- (4) Submitted any required original documents,
- (5) Submitted any required Ministry of Interior / Government application forms, and
- (6) Submitted any other required document or information requested by the QFC Immigration department, if applicable. Once all prerequisites are satisfied, the status of the service request will be updated on the portal to “In Progress” and the estimated processing timeline will begin. Note that the timeline will freeze if there is any change in the status of the service request (e.g., Pending with Customer, Pending with External Gov). It will start once more once the status is changed back to “In Progress”.

- The timelines are calculated based on business hours and each working day consists of 8 business hours. QFC working days are Sunday to Thursday from 7AM to 3PM, excluding weekends and holidays. For example, a service request with a 1 Day turnaround time that completes all prerequisites, and its status is reflected as “In Progress” on the QFC Client Portal on Thursday at 2PM, will be expected to complete processing within 8 business hours on Sunday by 2PM. Timelines will vary during the Holy month of Ramadan, when shorter working hours are in operation.

18.4. QFC – Centralised Contact Point

- For convenience, the QFC provides access to a Client Services team that can answer standard questions on immigration services through the following centralized contact points:
 - (1) telephone at 4496 7777,
 - (2) email at clientaffairs@qfc.qa, or
 - (3) walk-in to the Client Service counter at QFC Tower 1, 2nd floor.
- Complicated questions on immigration matters should be submitted solely via email to clientaffairs@qfc.qa and marked on the subject header with the notation, “Complicated Query”, in order to be directed to a dedicated immigration expert to review the case.
- Urgent matters, complaints, and escalations should be submitted solely through any of the centralised contact points. Emails should be marked on the subject header with the appropriate notation (e.g., Urgent, Complaint). The department will review the case and respond accordingly at the earliest.
- The centralised contact points allow the department to register and track queries & response times. Accordingly, please do not contact individual members of the

department. Such direct contact impacts operations and causes delays to other applications and the overall process. Contact may only be made via the above-mentioned centralised contact points in order to allow an orderly and organised process. The department strives to respond to all questions, queries, and requests within two (2) business days, though response times for certain cases may take longer depending on complexity.

- Answers by the department to all questions and queries are provided on a reasonable-efforts basis only, general in nature, and in response to the information provided. Due to time and resource constraints, a detailed response and/or investigation may not be possible for every question and query. Accordingly, please provide all available and relevant information when discussing your case, including but not limited to service request number, attachments of all related and relevant documents, detailed description of the case, etc. This will allow the department to better service your request.
- Questions on the status of applications will be answered based on the available information on the QFC Client Portal. If the status is, "In Progress", personnel will unfortunately be unable to provide any further information on the application other than that it is in progress and will strive to have the application processed within the estimated timelines. For cases that have significantly exceeded the estimated processing timelines, a detailed review will be undertaken to determine and update the portal status. Immigration processing is handled on a case-by-case basis by the QFC and external governmental authorities and rules and procedures are subject to change without notice. Immigration applications require the review and approval of the QFC and other governmental authorities. As such, there is no guarantee that an immigration application will be approved and/or processed within estimated timelines. Furthermore, the QFC may not know the full reason(s) for the denial and/or delay of an application by external governmental authorities. However, the QFC will endeavour to, on a reasonable-efforts basis, facilitate the approval of applications.

18.5. Submission of Immigration Applications

- To request immigration services, the SPOC will create an immigration service request on the immigration module of the QFC Client Portal. The submission must be fully complete and accurate, contain all required documentation (including copies of original documents), and be in compliance with all prevailing rules & regulations. The portal status will reflect the service request as "Saved" at this stage.

- All immigration service requests will undergo a brief and preliminary review by the department within One (1) business day of submission. If the request is found to be inadequate due to the absence of any of the requirements listed, the request will be rejected. If adequate, the request will be accepted, and the portal status will reflect the service request as “Approved” at this stage. The initial brief and preliminary review by the department is not considered as acceptance of the application, but only that the service request appears to be adequate at this preliminary stage.
- After receiving approval, the SPOC can proceed to the payment stage which requires the payment of service charges on the QFC Client Portal. After acceptance of payment, the portal status will reflect the service request as “Paid” at this stage.
- If applicable, the SPOC must then submit any and all required original documents in-person to the Client Service counter at QFC Tower 1, 2nd floor. The SPOC will be responsible to submit the required original documents. This Immigration Service Guide details for each service request whether an original document is needed (e.g., passports, certificates, attestations). If no original documents are required, the SPOC will not need to take any actions at this stage.
- The initiation of processing will depend on whether the service request requires a Ministry of Interior / Government Application signed hard copy form. This Immigration Service Guide will detail for each service request whether a Ministry of Interior / Government Application form is required. If not required, the processing of the application will be initiated, and the portal status will reflect the service request as “In Progress” at this stage.
- If a signed hard copy form is required, the department will prepare the draft form and fill in applicable details. An automated Portal notification will be sent to the SPOC informing them that the draft form is ready for pick-up from the Client Service counter. The SPOC will need to pick up and review for accuracy the draft form and obtain signatures and stamps on relevant sections of the form from the authorised signatories of their organisation. The form will need to be submitted by the SPOC to the Client Service counter and will then be reviewed by the department and if adequate, will be considered as a final form. The portal status will then be updated to reflect the service request as “In Progress” at this stage. The estimated processing timelines will now begin.
- Department processing of service requests requires timely actions from the SPOC throughout the prerequisite and possibly during the in-progress stage and as such, any delays from the SPOC will directly impact the total processing time of

applications. Delays from SPOCs in responding to QFC Immigration department requests for documentation/information or in completing the necessary prerequisites, may result in the rejection of the service request in order to ensure that applications in the pipeline are managed in an orderly and organised manner. SPOC delays of more than twenty (20) business days from the date of submission on the portal may be rejected with a deduction for administrative fees of 100 QAR and any other costs. This includes, but is not limited to, delays that are caused by SPOCs due to payments not completed, documents/forms not submitted, etc.

- Immigration service requests may be rejected at any time during any stage of the process. Acceptance of applications is at the discretion of the QFC and other governmental authorities. Common reasons for rejection include, but are not limited to, non-compliance with prevailing rules and regulations, changes to requirements, and external governmental authorities' decisions.

18.6. Processing of Immigration Applications

- All applications will be processed on a first-come, first-served basis. All reasonable efforts will be undertaken by the department to ensure that service requests are processed within their estimated processing timelines.
- The QFC Client Portal will reflect the current status of the service request. The QFC Immigration department will strive to ensure that the status is updated in a timely and accurate manner. However, there are several procedures required internally and externally with governmental authorities and as such the status on the QFC Client Portal is the only status that is applicable and recognised by the QFC. Other government websites or portals may not reflect the complete administrative procedures required and as such are not applicable to the servicing of QFC applications. Any additional information and/or documentation required will be communicated to the SPOC via automated system notification and/or directly from the Client Services team.
- Once an application has received all necessary approvals and completed administrative processing, the portal status will reflect the service request as either "Closed" or "Ready for Collection" at this stage. "Closed" means the application is approved and complete and the immigration benefit (e.g., visa) can be downloaded directly from the portal. "Ready for Collection" means the original documents that were submitted for this application are now ready for pick-up and/or the newly issued immigration benefit (e.g., residence permit) can be collected from the Client Service counter.

- Please verify the accuracy of official documents (e.g., visas, residence permits, Qatar ID, exit permits, etc.) right away to make sure there are no errors. If there are any errors, contact the Client Services team promptly. It is the responsibility of the applicant to check their documentation details (e.g., names, passport numbers, etc.) for accuracy and to immediately notify the Client Services team for correction.
- QFC firms (including assigned immigration SPOCs), their employees (and family members) and their visitors are responsible for keeping track of the validity of their residence permits, visas, exit permits, and related official documents and for ensuring that these permits and visas are renewed in compliance with the prevailing rules and regulations and in failure thereof will be wholly responsible for all charges, fines or other penalties which may be imposed by the QFC or State authorities. Do not rely on automated portal notifications or on any other sources to inform you of expiring assets, given that there are a variety of factors which could occur that would cause the information provided to be inaccurate. Instead, reliance should be on the information contained within the official documents (e.g., expiry date of exit permit).
- If the applicant is denied boarding or experiences any issues with the immigration authorities, please contact the QFC immediately at clientaffairs@qfc.qa. Please mark the subject header with the notation, "Emergency". The department will respond with immediate urgency on the same business day during working hours or if received after hours, on the next business day. Resolution of such cases is provided on a reasonable-efforts basis and may be dependent on several external factors outside of the control of the QFC. As such, there is no guarantee of a successful resolution of emergency cases.
